### **Consolidation of the Office of State Debt Collections (OSDC) into the Division of Finance**

Salt Lake City, Utah – July 6, 2009 – The Department of Administrative Services is pleased to announce the consolidation of the Office of State Debt Collections (OSDC) into the Disbursement Section of the Division of Finance. After carefully reviewing our options for the past several months, OSDC will become part of the Division of Finance under the direction of John Reidhead and Rick Beckstead as of July 6th, 2009.

We believe OSDC's mission to collect state debt is a natural fit within Finance and we look forward to the potential efficiencies this change will bring.
